19 MAR 2015

Dear Mr Young,

We would like to express our extreme gratitude for allowing us to visit you on Friday 13<sup>th</sup> March. We all had a very worthwhile day and the girls really enjoyed the experience.

In the debriefing session at the end of the day there was much praise for all your staff and the experiences on offer. One girl wrote the following comments:

*I really enjoyed the trip today. It was really interesting to be in a working environment. There were some inspirational people and incredible brains. It was a great way to introduce people to engineering. I think I may take engineering as a job choice after seeing these jobs today.*

This is just the sort of response we were all hoping for and it is very encouraging that many of the girls now have a greater knowledge of engineering and some may continue this interest into a future career.

Please pass on our sincere thanks to your staff. Many thanks for all your involvement in making this event a success and we hope this may be something we can repeat in future.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Glynis Witney', with a large, sweeping flourish at the end.

**Mrs G Witney**  
**Head of Physics**
