Skills Development Programme

The 18th Edition: IET Wiring Regulations Course

TDR Training are a leading training provider in the region, offering bespoke skills development programmes to enhance, upskill and retrain to meet future business demands.

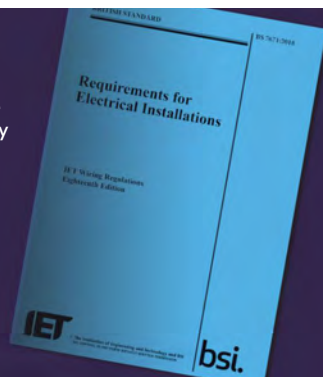

www.tdrtraining.co.uk

Overview

The 18th Edition course is run over 3.5 days and aimed at anyone involved in the design, engineering, inspection and testing of electrical systems, also a nationally recognised "must have" qualification for companies seeking to recruit electricians.

It is intended to introduce the candidate to a working knowledge of the Wiring Regulations along with a brief overview of the Electricity at Work Regulations covering their statutory duties.

Our 18th Edition course has been specifically designed to ensure candidates understand the latest requirements for Electrical Installations: BS 7671:2018+A2:2022.
